

ELIT JB50-M10SS

Earth boss 316L ø50mm M10

Technical description

Earth boss in stainless steel (316 L) gives you an easy screw connection to metallic constructions to be grounded.

Welded directly to metal structures. Prefabricated metal cylinder with a diameter of 50mm and has a length of 50 mm with 75mm long 10mm bolt / nut for connecting cable lugs. Made of stainless steel (SS304). Widely used for grounding containers, rigs and in the oil industry.

Advantages:

Welded to construction to make a grounding point
Finished threaded with M10 bolt, washers and nut
Made of 316L for long-term operation in most environments

Product name/ Art.nr/ GTIN	ELIT JB50-M10SS/ 30120013/ 7070810004812
According to:	---
Construction type	Straight
Mounting method	Weldable
Connection of the earthing and short circuit device	Stud bolt
Diameter fixed point	50 Millimetre
Suitable for round conductors	Yes
