

# ELIT FSK8-10mm

Multi-plus stainless steel clamp for Ø8-10mm conductor

## Technical description

Multi-Plus clamping and connection terminal according to EN 62561-1 with intermediate plate for universal use as T-, cross-, parallel terminal, splice connector and sheet metal terminal.

Clamping range: up to 8 mm

Contact area: at least 10 cm<sup>2</sup>

Screw: Locking bolt M10 with nut

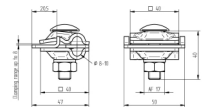

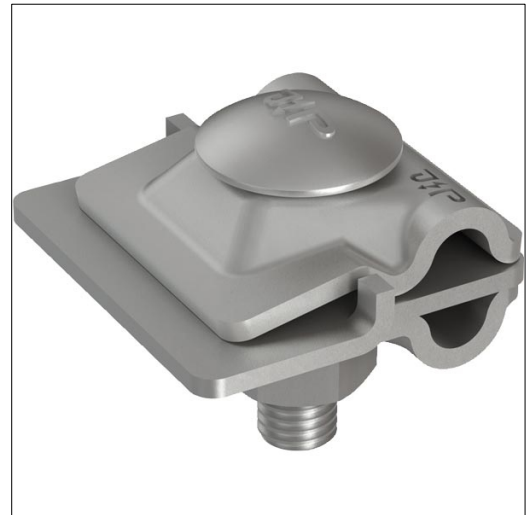

## Advantages:

Only one clamp for all types of wire connections

Maximum contact thanks to even clamping

Extremely short installation time - only one M10 screw

Optimal handling during planning, procurement and storage

Product name/ Art.nr/ GTIN	ELIT FSK8-10mm/ 40180021/ 7070810017324
According to:	---
Type of connector	Rebate clamp
Suitable for diameter round conductor	8 - 10 Millimetre
Clamping range	0 - 8 Millimetre
Material	Stainless steel 304 (V2A)
Surface protection	Other
Type of fastening screws	Flat round screw
